

THE
INTERSHELL
GROUP

About The Intershell Group

The Intershell Group was founded in 1990 by Trevor Head.

This sole company set out to offer improved services to the Exhibition Industry. With recognition attained by various UK major venues, The Intershell Group quickly advanced and became successful via this formula.

Expansion came quickly through the fruitful acquisition of existing trading companies that individually brought their own brand of services, products and clients to improve their impressive portfolio.

To this end, The Intershell Group provide a comprehensive range of services to cater for every aspect required in the UK and European exhibition sector. Uniquely, all services offered are provided by our own in-house companies.

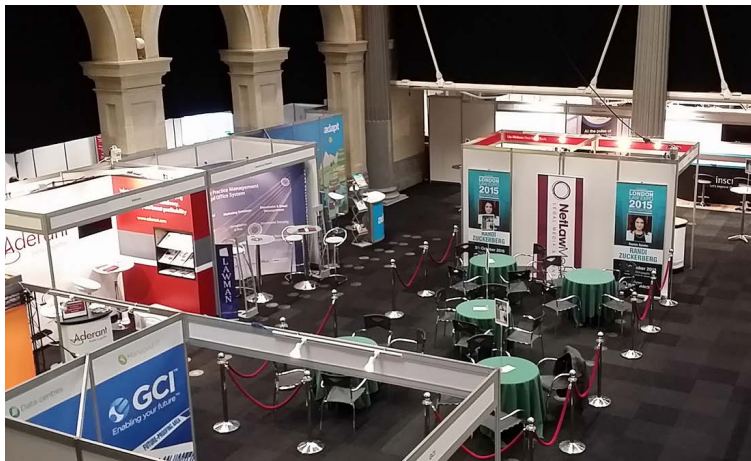

Our Services

- In house Shell scheme (Octanorm) and Electrics - Unlimited capacity to amount of square meterage due to long standing supplier relationships
- In house 3D Exhibition stand design and graphic design
- C.A.D Floorplan Service
